

Getting Involved!

Individual:

Visit us at <https://hornsbydistrictrotary.org> and express your interest in helping out with repatriating.

Rotary Clubs:

We have a great partnership program with various Rotary Clubs around the country.

In a nutshell, here is how it works.

We provide:

- Coin boxes as required, and as available, branded for the Program
- Coin sorters
- Coin repatriation personnel
- Established infrastructure
- Method by which collections are scheduled, and quantities tracked

Your Rotary Club provides:

- Coin box placement locations (operating within current established methods)
- Coin box collectors (operating within current established methods)
- Coin repatriation personnel

What you get:

- Once money is changed to Australia dollars, donations are made based on the following calculation:
 - $\text{Total amount collected in weight by Participating Club} / \text{Total amount collected Australia wide} = \text{percentage of total Participating Club collected.}$
 - Total amount of AUD is then dispersed to International charities of the collecting Participating Club's choice, via the Participating Club.

Pretty simple eh?

We look forward to hearing from you.
